Vice-President's Report

Props need to be done by the end of the summer. We need to know the theme/ideas for graphics even if the theme hasn't been announced to the band leadership. This year there was a 20-day turnaround which resulted in props that were lacking.

If possible corporate sponsors are identified in advance of the car show, names can be included on a car show tshirt. Possibilities: Chatham Park restaurants (Jersey Mikes), William Honeycutt/JW Automotive.

Transportation is needed for the Wendell competition.
